RACE GUIDELINES

- The enrollment cutoff between the Large and Small School Divisions (255 boys or girls) is approximately the midpoint in the OHSAA enrollment range for Division II.
- Schools that would normally enter the Small School Division may enter the Large School Division if they choose to do so.
- Schools may enter an unlimited number of runners in the high school races. There is no limit on the number of entries in the middle school races.
- There is no need to designate which students will run in which race.
- Schools with less than five runners may enter the high school race. Those entries will be displaced for scoring purposes.
- Schools may enter two teams in the high school races but will be charged an additional entry fee.
- Buses are to drop off athletes on Woody Hayes Drive at the entrance to the stadium. They are then to park in the lot on Heller Dr. There will be signs directing buses to parking. South Beaver Street (the front side of the high school) will be closed to all vehicles except for residents of the street. We have had too many problems with illegal parking and people parking in yards of the houses on that street so we are closing it.
- Questions? Call or email Chad Elliott at 740 498-5111 or chad.elliott@staff.nctschools.org
