

# BACKWOODS 2 MILE

## OCT. 1, 2014

The Backwoods Festival invites you to join Sheridan in one of the most unique cross country races in Central Ohio. We have a few changes to make your experience even better this year!

- Entries will be on Baumspage this year. Enter Now!
- Schedule has changed - 2 night races available!
- New Custom Medals - OHIO MADE!
- \$5 Entry per car - encourage parents to car pool!

For years it has been our plan to develop a quality and memorable meet for your cross country runners. This year we did not want to change the race schedule at such a late notice so we have moved everything back minimally in order to not affect each school's travel time and added two additional races to increase opportunity for athletes to earn a medal AND to provide Central Ohio a Cross Country under the lights race! We will have light towers throughout the fields and lights in trees in the woods. As always each race will feature 25 Ohio made custom medals! Our new race schedule is below!
