

Suburban League Meet Procedures

- 1) Report on time for each race (10 minutes before the scheduled start)
- 2) Note the start times-schedule in coach's packet.
- 3) Be sure that your athlete is wearing the correct assigned bib number on the front of their jersey. If you have an athlete without a number, please see Josh Boggs at the finish line as soon as possible.
- 4) Runners who cannot complete the race in 30 minutes (20 minutes MS) will still have a finish time with the chip timing Columbiana offers. Athletes will not have to run through an alternate chute and will not have to have a coach time them to get their official time. Every athlete that finishes the race will have an official time.
- 5) Any unused bibs, please return to the concession stand before the end of the meet. Do not bring unused bibs to the finish line.
- 6) A scoring table/tent will be located at the finish line near the timing service. Columbiana is not using the stickers to score the meet but this will be where the officials will approve the scoring and post results. Coaches Only.
- 7) "Live results" and final results can be viewed on <https://www.gcxcracing.com/results>. Live results are not considered official results until the meet officials have approved them.
