The Local Rule is not one of the 24 Rules of Golf; it is an optional Local Rule. This 2-stroke optional Local Rule may **NOT** be used at the OHSAA Sectional, District, or State tournaments.
- C. OHSAA Local Rule – Sectional Tournaments Only – Maximum allowable score of 12 strokes shall be used during OHSAA tournament play at the sectional level. VIII. Stroke Play

Stroke play for 18 holes will prevail. There will be no handicap.

IX. Scoring

The team score shall be determined by totaling the scores of the 4 players with the fewest strokes for the match. The team with the fewest number of strokes is the winner.

Tournament competitors shall keep score during OHSAA tournaments using the OHSAA Golf app. Each player in the group shall download the OHSAA Golf app and use this to score during the round. Live scoring is mandatory for each player.

- Scores will be entered using the players' own personal devices. If a player does not have a device, then a coach may enter the scores for that player, a fellow competitor may enter the scores, or the scores may be entered at the end of the round by a coach or tournament administration.
- All live scores are considered unofficial until the close of competition and all scores are reviewed.

All questions on number of strokes shall be settled before starting play on next hole. Score must be verified before first tee shot is made on next hole. At the end of the round all members of the playing group shall bring scorecards/devices to the scoring table together to review scores and any questions with tournament management. Scoring issues can be corrected while players remain in the scoring area. All players in the group shall remain in the scoring area until paper or electronic scorecards are confirmed, scores are verified and attested.

X. Ties

A. Team

1. Ties in team scoring for awards or at qualifying positions that affect the number of qualifiers shall be resolved by comparing the scores of the 5th team member and the team with the lowest 5th score shall be declared the winner. If one team does not have a 5th score, the team with the 5th score shall be declared the winner.
2. If teams remain tied after comparing the 5th scores, a playoff to determine the winner shall be held using four players selected by the coaches of the tied teams.

B. Individual (Medalist and Qualifiers)

XV. Greens Fee

Participating schools will not be charged green fees for competition rounds of play.

XVI. Weather Recognition:

Coaches, athletic trainers, athletes, administrators and contest officials should be educated regarding the signs indicating thunderstorm development. Since the average distance between successive lightning flashes is approximately two to three miles ANYTIME that lightning can be seen or heard, the risk is already present. Weather can be monitored using the following methods:

- **Monitor Weather Patterns** – Be aware of potential thunderstorms by monitoring local weather forecasts the day before and morning of the competition, and by scanning the sky for signs of potential thunderstorm activity.
- **National Weather Service** – Weather can also be monitored using small, portable weather radios from the NWS. The NWS uses a system of severe storm watches and warnings watch indicates conditions are favorable for severe weather to develop in an area; a warning indicates severe weather has been reported in an area, and everyone should take proper precautions. Any thunderstorm poses a risk of injury or death even if it does not meet the criteria for severe weather. Therefore, anytime thunderstorms are in the forecast (even if it is only a 20 percent chance), event organizers should be at a heightened level of awareness to the potential danger of lightning.

Management:

- **Evacuation-** If lightning is imminent or a thunderstorm is approaching, all personnel, athletes and spectators shall evacuate to available safe structures or shelters. A list of the closest safe structures should be announced and displayed on placards at all athletic venues.
 - **Thirty-minute rule-** Competition or practice shall be suspended once lightning has been recognized or thunder is heard. It is **mandatory** to wait at least 30 minutes after the last flash of lightning is witnessed or thunder is heard prior to resuming practice or competition. Given the average rates of thunderstorm travel, the storm should move 10-12 miles away from the area. This significantly reduces the risk of local lightning flashes.

Any subsequent lightning or thunder after the beginning of the 30-minute count shall reset the clock, and another count shall begin.

XVII. Interrupted Tournament

Any OHSAA tournament interrupted due to events beyond the control of the responsible administrative authority shall be resumed from the point of interruption.

XVIII. Caddies

Caddies are not permitted during the stipulated round. Participants will be disqualified if any person assists by caddying or if the participant rides in any type of vehicle. Participants may use pull carts to carry golf clubs. Course layouts may necessitate the use of shuttles from green to tee. Shuttles may be used during competition provided the shuttles are made available to all competitors.

Exception: A medically authorized waiver is required for the use of a vehicle. A copy of the doctor's statement must be filed with the OHSAA and the OHSAA authorization shown to the referee.

XIX. Coaching

- A. Coaches are permitted the use of golf carts for coaching purposes at the **discretion of each District Athletic Board**. Should a Board give the approval to use carts, each school would be permitted one cart for the school approved coach. The OHSAA is not responsible for the cart fee. Each school or coach will be responsible for the cart fee.
- B. The coaching regulation permits one school board approved coach/designee assigned to that event to speak with his/her players without delay of play at any time. Participants will be disqualified if any other individual assists the participant by coaching and giving advice which could influence a player in determining play, the choice of a club or method of making a stroke (Rule 8).

Note: A team member is not a partner and may not give advice to or receive advice from another member of the team.

The following procedures govern on-course coaching:

1. During the player's stipulated round, coaches are not permitted to physically stand on any green or in any sand bunker. The player must stand outside the bunker should he/she wish to converse with the coach. **Players may receive instruction from coaches while on the green.**
2. If a group should "lose their position" the group must be playing at a pace slower than 15 minutes per hole. To fall behind the group in front does not always mean a group is playing slow.
3. If the group fails to regain their position on the course within a reasonable time established by officials then the group should be notified that they are "going on the clock". At that point, any player who does not complete his/her turn to play in the allowed forty-five seconds is assessed a two-stroke penalty. A second violation is another two-stroke penalty, and a third violation results in a disqualification.
i.e. "45 second rule" – once a player reaches their ball, and their turn has arrived to play, they must complete their shot within the 45 seconds allowed.

C. Penalties for violation of the coaching regulation:

1. A warning is issued.
2. Player is assessed a two-stroke penalty and the coach loses his/her coaching privilege.
3. Coach is disqualified/ejected.

Note: Following a coach ejection, if there is not a person authorized by the Board of Education present at the contest, forfeiture would result (Bylaw 3-2-1- school representative must accompany team). *In addition to the penalties listed above, a coach who violates the coaching rule may face additional disciplinary action.

XX. Violations

- A. **Tobacco.** Participants (coach, players, managers, etc.) are prohibited from using any form of tobacco on the golf course, in the clubhouse, or caddy house during any tournament. Penalty for violation of this rule will be disqualification. Managers are instructed to inform all coaches beforehand that this rule will be strictly enforced.
- B. **Conduct.** A two-stroke penalty shall be assessed for unsporting conduct. Unsporting conduct shall include but not be limited to club throwing, willful acts which damage property or equipment on the course, use of abusive language, profanity, obscenities, and other unsporting conduct as determined by the Golf Rules Committee. Penalties imposed may result in disqualification.
- C. **Electronic Devices** - The use of any electronic communication **devices for purposes other than those described in OHSAA Golf Regulation 1.12 (Cell Phone Policy)** shall be prohibited on the course during any competition. All phones including those used by spectators shall remain on silent. Penalty:

Player - 1st offense two (2) strokes
2nd offense disqualification

- E. **Distance-Measuring Devices** - A player **and their school coach** may obtain distance information by use of a distance-measuring device. If during a stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect his or her play (e.g., elevation changes, wind speed, etc.), the player is in breach of Rule 4-3. This rule will allow the coach/designee authorized by the Board of Education present at the contest and his/her players to use a range finder during the event. This device should not violate any OHSAA or USGA rules since yardage information is not considered advice and is permitted during an event.

XXI. Unsporting Conduct Penalty

- A. During participation in OHSAA Tournaments, any student or coach ejected for unsporting conduct shall be ineligible for contests for the remainder of that day as well as for all contests in that sport until two regular season/tournament contests are played at the same level as the ejection.
- B. Individuals ejected for unsporting conduct shall be reported to the OHSAA Executive Director by the tournament manager. The Executive Director will investigate the situation and may impose additional penalties in accordance with Bylaw 11.

- C. Participation in an athletic contest is a privilege. Each individual is expected to conduct himself or herself in an exemplary manner while participating.

XXII. Property Damage

There is no insurance covering property damage. If property is damaged at a tournament site by competing school teams, student body or spectators to physical facilities and equipment, etc. the school from which the students and/or spectators come shall be liable and pay the cost of repair or replacement. The tournament manager is authorized to deduct from the school's share the cost of any damages caused by competing schools. Other damages to facilities not attributed to a competing school could be a legitimate tournament expense and may be deducted from tournament receipts. If damage is extensive, the District Board or Board of Directors will become involved. Student crowd control at state-sponsored tournaments is the responsibility of the administrative heads of the competing schools.

XXIII. Sponsorship and Rights

The Ohio High School Athletic Association is the sponsoring association for the Golf Tournaments. The OHSAA reserves all rights in regard to the management of these tournaments and the sale of any items or any audio-visual reproductions. Any sale of food, clothing, souvenirs or any other items is strictly prohibited without permission of the respective District Athletic Boards for Sectional or District Tournaments and the OHSAA Executive Director for the State Tournaments.
