Tie-breaker/Judges Decision in Hy-Tek

From the OHSAA Tournament Regulations:

12. Determining Qualifiers in Case of Ties

If there is a tie in an event that would result in more qualifiers than permitted, refer to NFHS Track and Field Rule 4-5-4. Accordingly,

12.1 Track Events: "if there is a tie in any heat or flight which affects qualification for the next level of competition, the tying competitors shall qualify if lanes or positions are available; if they are not available, the tied competitors shall compete against each other for the available lane or position."

*Note: When using F.A.T., timing to the 1/1000 may be used to break a tie for the last qualifying position.

12.2. Shot Put, Discus, Long Jump; ties shall be broken according to NFHS Track and Field Rules 6-3-2. It is mandatory that all legal trials be measured and recorded.

12.3 High Jump and Pole Vault; the qualifier shall be determined according to NFHS Track and Field Rule 6-3-2.

*Note: Be sure that contestants are notified of any ties in qualifying positions immediately after the event so they will be available to compete for the qualifying position. When further competition is required to determine qualifiers, no records may be established and the awarding of points as well as awards shall be based upon the ties prior to the additional competition required to select a qualifier. Competitors tied for the last qualifying place in District and Regional competition shall be given one additional jump at the tying height before continuing with the competition. If the tie is not broken, the jump off for the last qualifying place shall take place only after the conclusion of the event when the other qualifying positions have been determined. A reasonable warm-up period with the bar set at an appropriate height subject to the discretion of the head event judge shall be given.

1. In the **Hy-Tek | Run menu | Use JD | JD PL** to indicate place
