Notes from Dale Gabor:

***Timing Re-call: Note, by rule, in the event of a malfunction by the timing crew system, that timing crews have the authority to recall a race to prevent runners from the unnecessary task of completing a race and having to re-run the race at a later time. This rule is only in effect with the pre-approval of the Games Committee. Timing crews and/or tournament managers and/or referees (in their pre-meet meeting with coaches) should alert coaches to what device will be used to re-call said race.**

***Uniforms: Do you have an athlete who requires a waiver to the typical uniform regulations for religious, medical, or other reasons? If so, you MUST obtain a waiver from Dale Gabor, Director of Track and Field for the OHSAA, in order for that athlete to compete. This is a coaches' responsibility and will be enforced according to the rule. There are no appeals or exceptions to this regulation.**
