**TEAM DROP-OFF/PICK-UP:** Most years teams enter our facility through the main entrance of the track, but this year we will be operating a little differently. Team drop-off will take place on the opposite side of the main entrance on Dickason Street, this is the gate next to the shot put area. There will be a coach/administrator there to instruct bus drivers where to park after the athletes are dropped off. At the end of the meet your buses can pick your athlete's up at the main entrance. The reason for the change in drop-off procedures is due to the fact that we are trying to limit the amount of people entering the entrance of the facility at once. If you have been to our facility at the beginning of our meets, our entrance area tends to be a little chaotic, and this will help cut down on the traffic coming through this area.

**TEAM CAMPS:** Team camps will be located behind the bleachers next to the location of our old Long Jump Pit. Signs will designate where team camps can be set up. Most years we place our team camps on the hill next to the parking lot, but again we are trying to cut down on traffic in that area of the track. Bathrooms will be available to the athletes, but not locker rooms. When you are leaving the track please try and clean this area up as much as possible. I would also inform parents that there will be limited seating available and it would be a good idea to maybe bring chairs to sit in along the fence and hillside.
