INFORMATION

1. Only spikes $\frac{1}{4}$ inch or lower may be used, including the pole vault, long jump and high jump areas.
2. All timing will be FAT with times recorded to the hundredths of a second.
3. The 100M Dash and 110HH/100HH will be run in trial heats with the eight (8) fastest times advancing to the finals. All other races will be run as finals. All placing will be based on time.
4. Shot Put and Discus will use a minimum mark, but each athlete will have one attempt measured.

5. Shot, Discus and Long Jump will consist of three attempts with the best distance from each athlete added together with their teammates to determine final distance.

Example: Team A Long Jump

Competitor 1: Best Jump 19-00

Competitor 2: Best Jump 18-02

Competitor 3: Best Jump 15-09

TEAM TOTAL: 52'11"

5. High Jump and Pole Vault will be run similar, as your athlete's top three heights will be added together for a team total.

7. Competitors in the Pole Vault will not be permitted in the area until an Official is present. Pole Vault Verification forms **MUST** be submitted and poles inspected prior to the event.

8. Starting blocks will be provided, but you are more than welcome to use one provided by your school.

9. Concessions will be available on site.

10. There is ample room for team camps, so we would like all athletes to stay out of the bleachers. We suggest also bringing a lawn chair for parents as there are also several areas for good views from atop the hill.
