Coaches and AD's: I expect to run about 500 athletes through wrestling tournaments over the course of three tournaments. In order to run these tournaments efficiently and on time, we need time to setup the tournaments. That requires teams to arrive and check in early.

If something happens that you are not on time for weigh-in/skin check/check-in, please call or text so I can confirm your lineups and continue setting up the tournament. That way we can still get the tournament started as scheduled.

Thank You.
