

54th Annual Malone Cross Country Invitational

(The longest running cross country invitational in ohio)

Dear coach,

The Malone University athletic department invites you to our 2022 edition of the Malone invitational. We have a much improved course with a new and refurbished start line. The 2022 date is September 24th. We would be honored to have you and your team visit our campus and run in this historic meet. You will find a contract and schedule attached to this email and it will also be on our university website.

If you plan on attending, just print the contract, complete the information and return with payment by September 7th. You must also register your entries (roster) on Baumspage.com. The entry window will be open on August 17th and close on September 19th. Your entries are not confirmed until your roster is officially entered on baumspage and your payment has been received by the Malone University athletic office.

High school varsity teams will compete in two divisions based upon school enrollment figures. If a school has 220 or less students in grades 9-11 for the given sex, they will be deemed a small school. Schools with 221 or more are large schools. Small schools will be permitted to move up to the large division but large schools may not choose to move down.
