Coaches may choose which race/races they want their athletes to run in. You may enter athletes in both races if you wish, however in order to receive team awards, you must have at least 5 athletes finish in a race. Both races will be scored using normal scoring procedures with both team and individual awards being handed out in each race. Trophies will be handed out to the top 2 teams in each race, and medals will be handed out to the top 15 individuals in each race

Race #1

Our first high school race will be a normal 5k race that can be used as a final tune-up before conference or a race for your second team prior to postseason tournaments.

Race #2

Our second high school race will be a 2 mile race that can be used as a shorter tune- up race before conference, a chance for your athletes to aim for old school records, or a change of pace before the post-season begins.

Middle School Races:

Our middle school races will be 2 miles in distance and will allow coaches to run all of their athletes in the same race. Team scoring will be determined by normal scoring procedures, with the top two teams earning trophies and the top 15 individuals earning medals.
