

# REGIONAL CHANGES FOR SPECTATORS

The OHSAA has directed Regional CC sites to charge an admission fee of \$7.00 for each spectator entering the Regional Championships. We'd like to let you know in advance what we at Boardman are doing so nothing takes you by surprise.

*First, Congratulations on Qualifying to the Regional Championships! We hope you are successful today and culminate the season with a great performance at the State Meet! It is an honor and pleasure for us to host the Regional Championship and we are glad you are here to share it with us.*

Here is how we will collect the new OHSAA entry fee and credit you as having paid to enter:

1. As you enter campus you will be reminded by signage to have your entry fees ready. Your car will be met by a team of 2 people – one who will take your money and issue change and another who will **issue wristbands**. Please have all money ready when you pull up. This will greatly speed things along.
2. The **wristband** notifies our security that you have paid. *Please wear it at all times during the meet.* If you are not wearing a wristband you will be approached by police security and escorted to an admissions team who will sell you one. This will take time and if it occurs you may miss watching parts/all of the meet.
3. The western edge of campus facing Glenwood Avenue will be snow fenced. Uniformed police officers will be present to direct Regional guests who are on foot to a central ticket gate.
4. In light of this new expense for our guests The Boardman Cross Country Boosters are waiving the traditional \$2.00 parking contribution normally asked of spectators
5. We thank you for your patience and cooperation. None of the \$7.00 fee is remitted to Boardman High School. All monies go to the OHSAA to fund operation of OHSAA tournaments.
