

Rules Sheet for Division I Districts

1. You are keeping score for ONE other player in your group. Paper scorecards are the **OFFICIAL** form used for scoring, not the electronic version. Please write scores in a legible manner.
2. At least one player in each group will keep unofficial live scoring on their cell phone, but it is preferred and expected that everyone shall keep their own score electronically. Please mark scores down before teeing off on the next hole so you do not fall behind in scoring. We will use the electronic scorecard to post unofficial 9-hole scores.
3. After the completion of play, we ask the group to go over everyone's scores hole by hole. **The scorecard should be signed by both the player and the marker.** All questions regarding rules and or scoring should be acknowledged before turning in your card. If there is a scoring discrepancy after cards are turned in, the golf committee may use the electronic scorecard as a secondary confirmation. Please make sure electronic scores are correct as well. Do not leave the scoring area until your score is locked in.
4. Rules for the day:
 - A. Stroke Play from the Blue Tees. USGA and OHSAA Rules apply plus these local rules.
 - B. Mark, Lift, Clean and Place in your own fairway 1 club length no closer to the hole.
 - C. Hole 10 will be played from the designated green tee area as a par 4 for this event.
 - D. Embedded Ball Rule is in effect through the green.
 - E. Mulched areas, including pine straw and flower beds, may be played as ground under repair.
 - F. Tall un-mowed areas will be treated as a red staked penalty area.
 - G. Ground torn up by animals or construction vehicles should be played as ground under repair. This includes areas around new cart paths.
 - H. The cement/black top around the clubhouse, cart facility and maintenance building is O.B. Cart path around #10 tee and below putting green is in play.
 - I. Drop area on hole #4 for balls hit into the penalty area on the right hill.
 - J. Free drop from green wooden fence behind #7 green if it interferes with your stance or swing only, not line of sight. Drop area located short of the right bunker.
 - K. The path between the lakes on #18 is in the penalty area. You may **NOT** drop in this area.
 - L. When in doubt, play 2 balls, but you must declare which ball you want to count **BEFORE** playing the second ball. **You may also use the scoring app to summons a Rules Official.**
8. We have spotters on most holes. They will not find every ball hit so help them out. Please point in the direction of your drive so they have a better chance of finding it.
9. **Do not ask a spotter for rules help.** Play 2 balls whenever there is a problem, but declare which ball you want to count before playing them. **You may also use the scoring app to summons a Rules Official.**
