

Sectional Tourney Cart Policy

Kelly Morrow, PGA Professional  PGA

Coaches, please let your teams know that starting at 10:00AM on September 28th, we will start accepting reservations and payments for spectator carts for the sectional tournament being held on October the 5th. We will take these reservations in advance from September 28th-30th from 10:00AM to 2:00PM. Pre Reservations will only be taken on these dates during these hours. Parents may call 740-454-4900 EXT 1 to pay for a cart. The charge will be \$25 for a spectator cart. If a cart is not reserved in advance then they will be on a first come first serve basis the day of the event beginning at 9:00AM. Our staff is committed to the student athletes and coaches first and foremost.

With over 60 players and coaches already having a golf car, the supply will be limited. We are doing this in advance so that parents don't make the trip with the assumption that they will be able to get a cart when they arrive. When parents call, they will only be permitted to reserve one cart per player in the event.

We ask your assistance in helping your parents know that we have a limited amount of carts. Typically, these situations tend to carry some heartburn with them. Our intention is to provide the players and coaches with the best, and safest possible experience. While spectator carts are not our main concern, we will make available what exists, but prefer not to take grief from parents when carts become unavailable. Also, spectators will be asked to keep carts on the cart paths at all times.
