

Coaches,

I have left the window open for entries until 12:00 Noon on Friday 5/14. This should eliminate scratches and replacements. We have a new timing system and crew working and I don't want a ton of changes. I plan to print heat sheets right after the deadline. Look for them to be posted before you leave your school on Friday.

I hope we all have enough respect for the sport to enter true FAT times that have been run this year. If you don't have a FAT time just leave it blank. We will make scratches and replacements for injuries only. What I don't want is a mad dash to switch a girl/boy in the 1600 because a team isn't running the person you thought they would after seeing the heat sheets. If you need to replace a relay member just switch them out during then meet and if they win or get second we can change names afterwards so 1st/2nd team All-EBC will be recognized correctly.

We are not going to be giving kids their time at the finish line. We have 2 heats of the sprints/hurdles and someone can score from either heat. Please remind your athletes in the distance races we will be finishing in lane 3. After official results have been printed we will call top 3 up to be recognized on the podium.

Thanks,

Scott
