

**Eastwood Relays
Eastwood High School**

Changes for this year.

- 1. We are re adding the 300 hurdles.**

- 2. We are going to REMOVING a mixed 4x400m relay at the end of the meet.**

- 3. We moved the order of events and started running at 5:00.
This will hopefully allow the meet to be over much sooner than last year.**

- 4. We will start with the DMR (8-4-12-16).
We figured not as many field eventers would be in this event.**

- 5. Milesplit Oh will be covering the meet live.**

- 6. We are going to attempt to use all four rings (2 shot / 2 disc) at the same time.
Not all teams will throw out of the same ring. We are wanting to make sure we
can still do 4 throws and get the events in before dark.**

- 7. I will probably have room for a B team in some relays (1-2). If you think you
will have a possibility let me know. For example there will be 2 heats of 4x200.**

- 8. We will evaluate how things went for this year to consider next season. For
example removing a relay or bringing an event back.**

Coaches,

We will be running two high jump and pole vault pits. Both events begin at 4:15. Please encourage your athletes to stay at the field events. It would be great if we use the 1 ¼ hours we have before the running events begin to complete a majority of the field events.

Also, could you encourage your athletes not to walk in the stands with their spikes. We have noticed many pin marks in the aluminum bleachers. Tell your athletes about the Eastwood Relay T-Shirts. They will be only \$10.

We have found that assigning teams to exchange zones lessen the burdens on everyone. Here are your assignments. Flags will be at each zone.
