

Coaches and Parents,

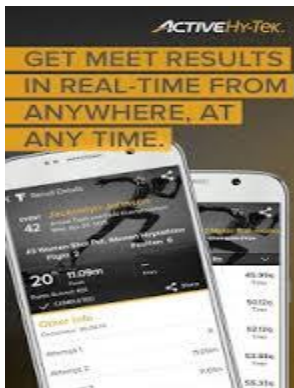

Until now, it has been difficult to get timely meet information and results at Track and Field events, with so many events happening at the same time and in so many locations. This track season **F.A.T FOTOS Timing** will be utilizing an app for Track and Field that will allow you to receive (unofficial) near real-time results for all events, athletes and Invitationals, right from your smart phone. **Meet Mobile** (Track and Field) by ACTIVE Networks will provide you with results, heat-by-heat and flight-by-flight, with times, marks, order of finish, wind readings, field series, and more.

DOWNLOAD THE APP TODAY

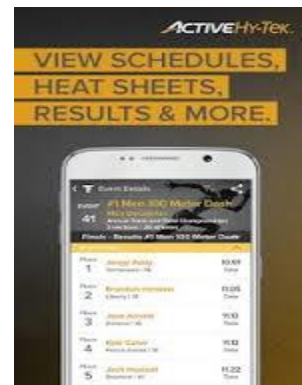

Note: We recommend downloading the latest version using the links below.
