Field Events: 4:15

Running Events: 5:00

Due to Covid-19 Guidelines, we ask that all spectators wear facial coverings, social distance as much as possible and practice proper hand sanitizing. Spectators are encouraged to spread out around the outside of the fence all all around the fence with lawn chairs if possible. Please see the map below for information on where your athlete will be competing.

We ask all spectators to please keep your distance from the athletes. We want them to not only stay healthy and safe, but to also focus on the meet. We ask that no spectators enter the team camp site or any of the competition areas. This is extremely important for us to run a successful meet.
