If we cannot find a verifiable mark the athlete will be given a NT, ND, NH and seeded accordingly. Sprint times and jumps strongly aided by wind should not be used, but this will be left to the discretion of each coach.

Flights/Heats:

Flights are set up in the Shot and Discus with the final flight consisting of the top eight competitors according to their verifiable seed marks.

100m/200m/110H/100H:

Semi-finals will be formed by placing runners with the best times in different heats based on verifiable seed times. Preferred lanes will be 4-5-6-3-2-7-8-1-9. The winners of each heat and the next 6 fastest times will advance to the finals. The "Team Split" feature in Hytek software will be utilized to avoid having two athletes from the same school in any preliminary heat.

400m/300m Hurdles:

Three heats against time. The third heat will consist of the fastest nine competitors according to their verified seed marks.

800m:

At least half the field, up to 18 competitors, will be assigned to the first heat. A natural break based on seed times will be used by the Games Committee to determine exactly how many will be in the first heat.

1600m/3200m:

There will be one heat of each race with up to 6 competitors placed per two-lane alley for a one-turn stagger.

Long Jump/Discus/Shot Put:

These events will be contested with finals. Each athlete will receive three attempts. We will take the top nine to finals and each athlete will receive 3 additional attempts.
