

TWT Results Export for baumspage.com

Updated January 27, 2014

*Instructions for generating results for posting on www.baumspage.com.

TWT Results (for posting on www.baumspage.com)

- After wrestling concludes each day, generate the complete results and team scores.
- For the Results:
 - Go to Print on the Menu bar, down to Results, and choose Match Results | By Round.
 - In the Output to, choose HTML, and then click on Print All. You will be asked where you want to Save the file. The default folder is Web in the TWT folder.
 - Type File name: {Filename} *(Use appropriate identifier for tournament!) Example:
MU14Results
 - Click on Save.
- For the Team Scores:
 - Go to Print on the Menu bar, down to Team Scores.
 - In the Output to, choose HTML, and then click on OK. You will be asked where you want to Save the file. The default folder is Web in the TWT folder.
 - Type File name: {Filename} *(Use appropriate identifier for tournament!) Example:
MU14Scores
 - Click on Save.
- Login to your account on www.baumspage.com. Under Managers | Wrestling | Upload Files/Results | Select your tournament | When the page loads, use the Manager Upload Table;
 - Type the link name: **20?? Results** or **20?? Brackets**, etc.
 - Browse to the selected file | click **Open** | click **Submit File**
- As the tournament progresses, always generate and post the complete results for all rounds!
 - It's easier to post the complete file that it is to post separate files for each round.

Our thanks to Bill Grafflin for his assistance in writing and sharing the notes above. Bill has used TWT for years and offered his help if you have questions or need assistance. For specific **TWT** questions, feel free to contact Bill directly. For general questions or help with the transfer of qualifier data, contact Gary or Terry.
