Most Outstanding Wrestler

**** Note from the Tournament Director**

I will spend the majority of that school day on 12/5/19 with my tournament directors putting together weight classes. So please get those lineups in with extras before or by that Thursday morning. We will work on and finish up that night and get preliminary pools to you by the very next morning. At that point please look over the pools to find any corrections, changes, or questions, and if so please contact me and we will correct. We do not guarantee all extras will be used, however, we will try. The goal is to build each weight class with varsity point scorers then add in extras to fill weight classes. Any lineup changes text me ASAP starting as soon as you send your roster in all the way up to the bus ride Saturday morning. I will let you know for sure about extras at the latest by the end of the school day Friday afternoon so you can let your wrestlers know that night at practice if they are in or not. Please keep me posted with any injuries, skin funk, illness etc. so we can keep all weight classes up to date. Any wrestlers struggling with weight as the week goes on please keep me posted as well. I would rather enter a wrestler a weight class higher beforehand as opposed to having them miss weight and then try and move them the morning of. That slows tournaments up and it doesn't ensure getting them into the tournament. The more communication the better and easier to run, start on time, move fast, and get out the door.

We will be weighing in on 3 scales starting at **7:30 AM** and in order of team arrival that morning.

We have been asked to keep food and drinks out of the gymnasium. Therefore, we will set up areas for each team to set any coolers, gym bags, etc. outside of the gymnasium. Please inform your wrestlers of this, as we will be required to enforce this rule.

Please contact me if you have any questions. I look forward to seeing everyone on the 7th.
